

Veripharm

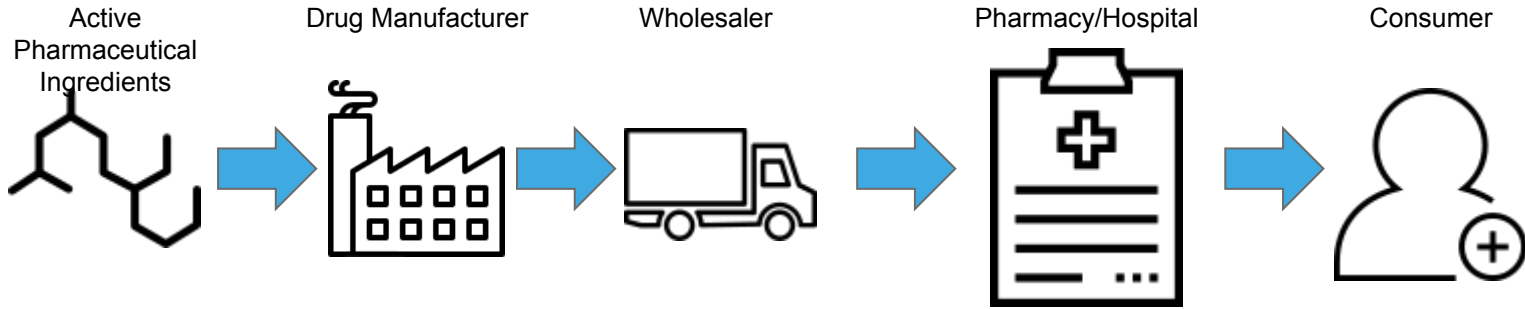

Pharmaceutical Provenance

Powered By  TIERION

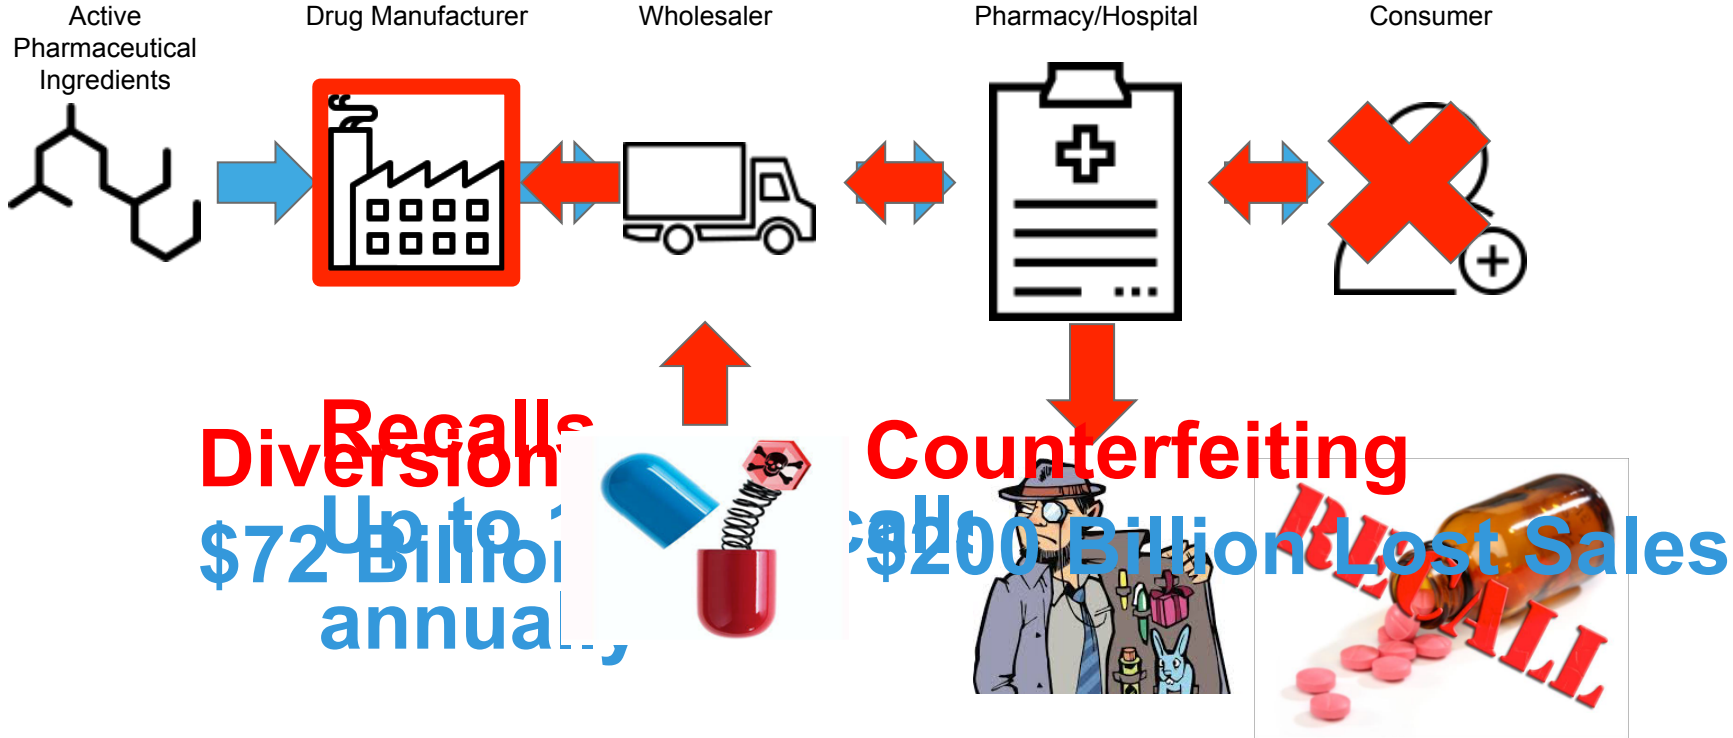

Drug Supply Chain Security Act

(full product tracing to be implemented by 2023)

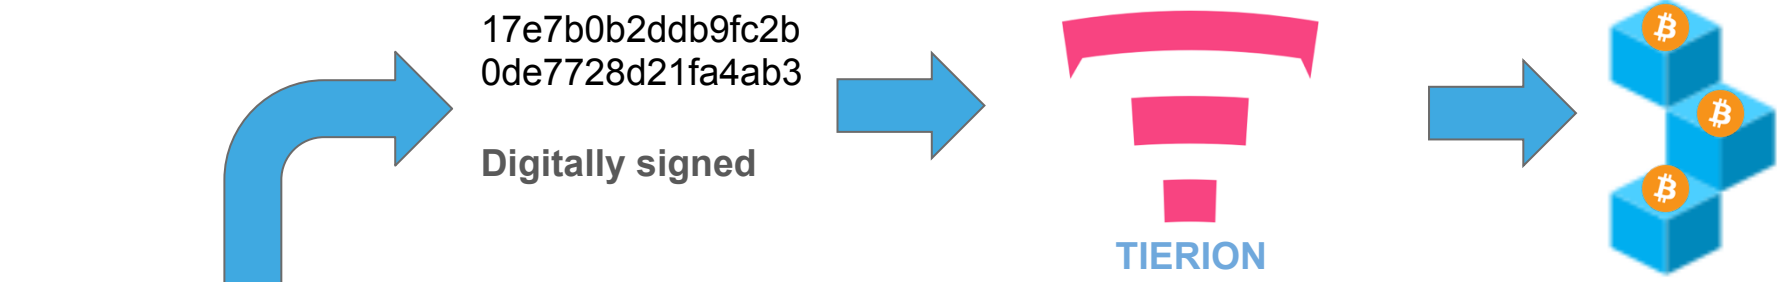

- Interoperable System
- Identify and Trace Drugs
- Third Party Auditing

Tracing Drug Products

Our Solution | Log transaction info on the Blockchain

Blockchain ensures Integrity

Signature authenticates the documents
Blockchain timestamps the signatures

FDA Required
Transaction Documents
(1) Information (2) History (3) Statement

DEMO

Next Steps

Fully decentralized version for increased confidentiality and availability

Add proof of burn for destroyed/consumed drugs

Add auditable prescription capabilities

Identify highly scrutinized drug for a proof of concept trial (**methadone**)
